SCHOOL BOARD CHAIRMAN: Ottis Brown

January 11, 2016

Mr. Hopeton Brown
Chairman
The Andrew Dixon Foundation

Dear Sirs,

The staff and students of the Gregory Park Primary school thank you for introducing the game of Baseball to all our students. Since the programme has started we have recognised the impact of a new sport in Jamaica and other countries and ask that you continue the good work.

Baseball is the lesser known sport in Jamaica and so it is with open arms as we accept your involvement.

For the short time we have worked with you we have seen that you and your organization have a great foundation and your attitude and kindness is genuine.

Now upon your request to move a step further and become a partner with the school by adopting us, we would be delighted for this partnership and I fully endorse your request give you the permission to do so. We hope this partnership will be mutually beneficial and it will blossom and succeed during the years to come.

Subsequently, the Andrew Dixon Foundation in Association with the sports department is our adoptee and we look forward to working with you and your foundation.

Yours sincerely,

.....

Richard Williams

Principal
